MEMORANDUM FOR: Assistant Director for Current Intelligence
Director, National Photographic
Interpretation Center

SUBJECT : Reporting on Military Situation in Cuba

1. Mr. Sheldon has asked that I bring to the attention of those concerned with reporting on the current military situation in Cuba that the recent decision not to process the routine reconnaissance missions over Cuba during the night hours in no way reduces the priority of the Cuban problem and that it will still be necessary to process photography or undertake other special work at night or at any other time that such efforts may be required whenever developments demand such action.

2. Mr. Sheldon has asked that this matter be brought to the attention of all personnel involved, in writing. I would appreciate it, therefore, if you would circulate copies of this memorandum to all personnel concerned.

WILLIAM A. TIDWELL
Assistant to DD/I (Planning)
